

Geostatistics webinar feedback survey links

Last Modified on 16/10/2023 2:58 pm BST

Tropical Data is interested in evaluating how people in the trachoma community view the use of model-based geostatistics in the context of trachoma elimination. Please watch the webinar on incorporating geostatistics into the Tropical Data service (links in the section above), and then answer the questions in the survey (links below). This survey is available in French, Spanish, Portuguese and English.
